

10 FEB 1977

MEMORANDUM FOR: Chief, Plans and Programs Staff, OL  
FROM : [REDACTED]  
          Chief, Procurement Management Staff, OL  
SUBJECT : Communications Requirements for FY 1979-1983  
REFERENCE : Memo dtd 4 Feb 77 to Multiple Addressees fm  
          D/L, same subject (OL 7 0488)

1. This Staff, along with many other components in OL and throughout the Agency, has frequent requirements for communication with personnel at the [REDACTED] Office. Personnel are on notice that classified communications must be handled via secure channels. We are concerned that black phone communication from Headquarters locations to [REDACTED] may be monitored at microwave links and that these unclassified communications may include information items which could be meaningful to the opposition.

2. Based on concerns expressed in paragraph 1., it is recommended that action be initiated to provide ground lines which do not go through microwave links and which therefore are less susceptible to eavesdropping.
